November, 2024

Dear Prayer Supporters,

The year is almost over and God has been so good to the children at Hands of Love. Many new ones are adjusting to life in their new home and hearing about the love of Jesus. All of them are growing and thriving physically even though some have illnesses that can be serious. We count our blessings daily and know that it is only by the grace of God that we are still thriving and helping these precious children.

Directors Ronald & Lidia

We continue to be challenged by the Bolivian government as a non-profit in Bolivia. They require a lot of reporting, but God's grace has been sufficient.

Bolivia has gone through such a bad drought that the river completely dried up! This really affects the farmers in the valley as they have no way of watering crops. This also affects the prices of fruits and vegetables. Recently a bad storm caused flooding in a lot of places and many were affected. Thankfully Hands of Love was not affected. This was an answer to water for the crops and hopefully a river!

The children continue to do quite well in school and are involved in extracurricular activities. They are very active and eat well! Many of our older children are at the top of their class and doing well. Three of them are graduating this year!

Here is an introduction of the three:

Eloina loves the Lord so much so that she is actively teaching Sunday School every Sunday and her pastor is very pleased with how she is doing. She wants to study Odontology but this career is quite expensive in Bolivia. Would you pray that God's will be done in her life?

Ramiro has a desire to work in agriculture and we are going to allow him to live at the farm and work to help out. We pray there will continue to be growth in his life.

Ever has family that lives in Spain and the plan is that he will be joining them there. May what he received from Hands of Love lead him in the path of righteousness.

UPDATE ON THREE PAST GRADUATES:

Nestor finishes studying electricity in 2025 and is doing well.

Liset and Anselma are working hard at their careers in Pharmaceuticals.

These three have had a lot of challenges and appreciate your prayers.

Prayer needs:

1. How to meet the spiritual needs of the children.
2. Wisdom in meeting challenges that affect decisions regarding the children.
3. Provision and direction for those who graduate from high school and move on.
4. Strength and wisdom for the staff as they work hard daily to love on these children in every way
5. Provision for finishing the second floor of the new building
6. Continued regular support of the ministry

Thank you for all of your prayers and financial support! This makes you a part of the team!

Blessings!

Karen Coleman

President & Operations Manager
