

School In Full Swing!

The School year in Bolivia begins in February with a winter break of two weeks in July and ends in November with a summer break from December to February.

We all know what is entailed to get a child ready for school – a LONG list of school supplies, new clothes, new shoes....the list goes on!

Now imagine doing this for 30 children, all of different ages! Making sure each child has what they need is an almost impossible task! Thankfully it isn't just one person that has to do this. We have a great team that works together to make this all happen.

School is in full swing and the children are doing well. Many of our children come to us traumatized by experiences they have had and for a number of them it makes learning in school even harder. Their little minds have to rise above the emotional trauma to concentrate and learn.

This is where Hands of Love comes in and helps these children feel loved, nurtured and able to succeed. If this means psychological help, medical help and lots of love, that is what they receive. Many of these children will come to know Jesus and come to succeed in school and life.

Will you pray with us that each of these precious children will have a successful school year being able to focus and learn, come to know the Lord Jesus as their Savior and start to dream and pray about what they want to do in life?

Will you pray with us as a team that we can help to meet all the needs we can and that God would give wisdom and strength to carry them out?

And finally will you pray that God will continue to meet our financial needs so we can fulfill all the necessities of a ministry like this?

Thank you for your support in finances and prayer! It is all appreciated and needed!

PRAYER REQUESTS: Please find a list below that you can pray for by name.

PRAY for their physical needs as they do face a lot of different serious needs physically.

PRAY for their emotional needs – all of the children have emotional needs from their past – trauma, neglect and abuse.

PRAY for their education..... success in getting help for those who struggle in school, that the children won't be influenced by the world and the religion in school, and that they would succeed in their studies.

PRAY for their spiritual blindness.....that they would learn who Jesus is, who they are and what He is offering them in giving them eternal salvation. He can be the answer to all of their problems!
